

House of Tsang® Products FACT SHEET

Product Description:

Founded by contemporary and well-known chef David Tsang, *House of Tsang*® products draw on the flavors and spices of his childhood in Hong Kong; spicy ginger, bright citrus, classic teriyaki. He eventually left Hong Kong to pursue a degree in electrical engineering, but kept his memories of home alive by recreating his mother's signature dishes on his own. Whether you're looking for an Asian meal on the go or just want to give your favorite dishes a different twist, *House of Tsang*® products bring the flavors of Asia into your kitchen. With *House of Tsang*® sauces and oils you can mix and match to make memorable, flavorful dishes you'll love!
